EDUCATION

2017 - Present

CALIFORNIA STATE UNIVERSITY, FULLERTON

Pursuing a Bachelor of Science in Computer Science
My expected graduation is 2021

PROGRAMMING PROJECTS

Aug 2020 - Present

Personal Website

Javascript | React | GatsbyJS | Sanity.io

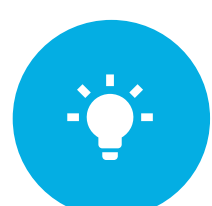

I have been working on my personal website. I am utilizing the powerful GatsbyJS framework and the headless CMS Sanity.io to create a modern and scalable website. Once it is complete it will act as a portfolio site for my current and future work.

Jan 2020 - May 2020

Moodado

Swift | SwiftUI | iOS App

Built using SwiftUI, Moodado is a mood and activity tracker mobile application that functions like a diary. It corelates moods to activities to help the user manage their mood. Data is displayed in an easily accessible graphical format.
